D. QUESTIONS AND RESPONSES

CONTRACT #4 – Site Development

QUESTION

1. Can site contractors do some test pits on location?

RESPONSE

Test pits can be performed on location for the pad area only. The existing driveway below the site is a private drive and cannot be used for access. Access to site can be made through the existing asphalt parking lot or traversing around the west side of the building. Contractor's must coordinate when they will be on-site with the engineer, Robert Milne, PE, rmilne@thethrashergroup.com, 304-326-6141. Tests pits must be performed during the hours of 8AM -5PM, Monday through Friday. Contractor is responsible for backfilling test pits and seeding all disturbed areas. Contractor will be responsible for any damages that incur as a result.
