AIRFIELD STRIPING

ADDENDUM #2

SEPTEMBER 13, 2021

THRASHER PROJECT #080-10087

TO WHOM IT MAY CONCERN:

A Pre-Bid Conference was held on Thursday, September 2, 2021 on the above-referenced project, a copy of the sign in sheet is included in this Addendum. The following are clarifications and responses to questions posed by contractors for the above reference project.

A. **GENERAL**
NONE

B. **SPECIFICATIONS**
NONE

C. **DRAWINGS**
NONE

D. **QUESTIONS AND RESPONSES**

QUESTION

1. Are the contrast/enhanced markings (black outline) incidental to the qty of markings provided, or are they included in the total square footage provided?

RESPONSE

They are incidental to the quantity of the markings provided.

QUESTION

2. With the current paint and raw material shortage from the pandemic, would it be possible for this project to be completed spring of 2022?

RESPONSE

If materials cannot be secured to complete the work this Fall, then the project can be completed Spring of 2022. We will ask the Contractor to provide an updated project schedule so the FAA can be informed on the status of the project.

QUESTION

3. With the nighttime work requirements, and the time of year that this project would be done, we would be concerned about temperatures not meeting what is required by the manufacturer. Considering this, if the project does not get pushed to Spring 2022, would daytime work be allowed?

RESPONSE

If materials can be acquired this Fall, work will be allowed during the daytime. This would include everything but the Runway. The Runway striping will still need to be completed at night.

E. **CLARIFICATIONS**
