

THRASHER

Discover Your Potential at The Thrasher Group

At The Thrasher Group, we're dedicated to enriching the communities where we live and work, particularly in Charleston, WV, where our efforts are deeply rooted. Our team is composed of driven professionals who leverage their expertise in engineering, architecture, planning, and construction quality control to deliver solutions that directly benefit our local environment and infrastructure. We're looking for an experienced **CMT Laboratory Manager and Concrete Mix Design Specialist** to join our Charleston, WV office, contributing to projects that enhance the quality of life in our community and surrounding areas.

Your New Role Awaits

This isn't just any position. As the CMT Laboratory Manager and Concrete Mix Design Specialist at our Charleston, WV office, you'll be steering the course of our construction materials testing (CMT) services. Your role is critical in upholding the quality and integrity of our projects, blending leadership with technical prowess to push the boundaries of what's possible in concrete mix design.

What You'll Do

- **Champion Laboratory Excellence:** Direct the day-to-day operations of our CMT lab, ensuring adherence to the highest standards.
- **Master of Mixes:** Employ your expertise in concrete mix design to set new benchmarks for project excellence.
- **Guardian of Quality:** Uphold rigorous quality control and assurance protocols, guaranteeing the reliability of our testing processes.
- **Inspire and Lead:** Cultivate talent within your team, creating a culture of mentorship, innovation, and growth.
- **Collaborate and Conquer:** Join forces with project managers and engineers to deliver solutions that not only meet but exceed our clients' expectations.

Who We're Looking For

- A seasoned professional with a deep-rooted passion for CMT laboratory management and concrete mix design.
- Certification in ACI Concrete Field-Testing Technician-Grade I and Laboratory Testing Technician Level I, or similar credentials.
- Experience with AASHTO and CCRL accreditations is highly valued, showcasing an understanding of key standards and quality benchmarks in our industry.
- A natural leader who excels in communication, organization, and team-building.
- A collaborative spirit eager to contribute to a culture of innovation and excellence in construction materials testing.

THRASHER

Why The Thrasher Group?

- **Rewarding Compensation & Benefits:** Enjoy a competitive salary, comprehensive health insurance, 401(k) with matching, and more perks.
- **Growth Potential:** With a diverse project portfolio, the sky's the limit for professional development and career advancement.
- **A Culture of Innovation:** Be part of a forward-thinking team that values creativity, sustainability, and impactful engineering solutions.
- **Flexibility for a Balanced Life:** We support our team's well-being with flexible schedules and a commitment to work-life harmony.

Ready to Make a Difference?

We're excited to see what you bring to The Thrasher Group. Apply now to join our Charleston, WV team as the CMT Laboratory Manager and Concrete Mix Design Specialist.
