

THRASHER

Job Title: Project Manager, Water Resources

Location: Canton, OH

Type: Full-Time

Thrasher is a full-service architecture, engineering, and field services consulting firm with a rich resume of project success all throughout the Mid-Atlantic region. Our team of skilled experts delivers a vast array of professional services to clients across five major markets: architecture, land development, water resources, transportation, and energy.

We are looking for a Water Resources Engineer to work in a Project Manager capacity in our Canton, Ohio, office location. Our Engineers have the opportunity to design projects in cities and municipalities where our designs make an impact.

In this role, you will be asked to:

- Evaluate existing service area utility assets and develop corresponding recommendations for rehabilitation or replacement.
- Provide support in the design of the rehabilitation and/or replacement of water lines and sanitary sewer lines.
- Monitor performance and adherence to plans and specifications during the construction phase. Assist with submittal reviews, requests for information, correspondence, change requests, and change orders.
- Coordinate and assist with environmental studies, permitting, alternative analyses, and other technical deliverables.
- Identify future projects/opportunities, services, and client needs.
- Ensure project communication between team members and clients.
- Make formal presentations to clients, stakeholders, the public and regulatory agencies.
- Attend networking events, trade shows and technical conferences for business development purposes.
- Build client relationships through project delivery.

Qualifications may include:

- BS in Civil Engineering or related Engineering discipline
- Professional Engineer Certification, or the ability to obtain, is highly desired.
- Minimum of five years of experience.
- Exceptional presentation and communication skills
- Possess excellent leadership skills
- Possess the ability to work independently or collaboratively
- Periodic travel will be required.

THRASHER
