

THRASHER

Job Title: Environmental Project Manager

Location: Bridgeport, West Virginia

Type: Full-Time

Pay: \$85,000-\$90,000

The Thrasher Group, Inc. is a full-service architecture, engineering, and field services consulting firm with a rich resume of project success all throughout the Mid-Atlantic region. Our team of skilled experts delivers a vast array of professional services to clients across five major markets: architecture, land development, water resources, transportation, and energy.

We are looking for an Environmental Project Manager with experience and enthusiasm to join our team in Bridgeport, West Virginia. As a member of the team, you will drive profitability, work on a variety of projects, and collaborate with a team of like-minded professionals. If you are someone who thrives in a fast-paced work environment and looks at tasks with a “can-do” attitude, then check out the job duties below.

In this role, you will be asked to:

- Provide technical reviews to senior scientists on report writing, permitting, wetland delineations, environmental site assessments, mapping, and sampling
- Develop scopes of work, cost estimates, personnel assignments, and effort calculations for typical/common projects
- Lead and manage projects from proposal development through project close-out
- Collaborate with all internal divisions within The Thrasher Group, Inc. to execute project service lines.
- Execute work using a strategic team concept for clients of all sizes
- Maintain and develop working relationships with existing and potential new clients while managing client specific workloads, project schedules, and expectations.
- Implement best management practices for tracking and maintaining project budgets and schedules
- Generate solutions to all areas of industry regulation with to no assistance
- Understand full and complete legal implications of the work provided by the project team
- Apply QA/QC Controls to all projects on technical or subject matter level
- Perform initial self-edits on all documents and permits prior to technical/SME review

Qualifications:

- AS, BA, BS from an ABET accredited program in a relevant field
- 5 – 10 years of experience in a similar environmental role

THRASHER

- 3 – 5 years of management experience
- Ability to direct and mentor staff
- Ability and willingness to quickly adapt to shifting workloads and deadlines and demonstrate experience in this type of environment.
- Have a personality adaptable to growing and developing relationships with existing and new clients.
- Demonstrate comfortability taking the lead in difficult situations
- Understand, and can discuss industry regulations
- Strong communication, critical thinking, and time management skills.
- Be proficient in Word, Excel, and Adobe Acrobat
- Specialization in any major environmental area such as remediation, air, or natural resources is preferred.
- Experience with operation ArcGIS and/or geospatial data collection equipment is preferred.

The Thrasher Group Inc. provides an excellent benefit package which includes health, dental and vision insurance, company paid short- and long-term disability, 401K matching, paid-time off, tuition assistance and much more.

An emphasis is placed on professional development which includes structured goal setting and specialized training opportunities. Professional development is monitored and recognized bonuses and annual salary reviews.

In promoting a family-oriented culture, we recognize the importance of work life balance and schedule flexibility.

The Thrasher Group Inc. conducts pre-employment drug screens and background checks on all applicants who accept offers of employment. Authorization to work in the United States is a precondition of employment. "EEO/AA/E-Verify
