BASE BID					
1	1	LS	Refurbish and repair the two existing sludge drying beds. This work will include removal of existing sand and gravel media, VCP underdrains, concrete tracks, splash pads, and refurbishing of the six (6) cast iron shear gate valves. It will also include the installation of a new 10 mil PVC liner, new under drains, new gravel and black beauty sand media, new concrete pad and truck tracks, sludge line exterior painting and rehabilitating the bed walls. The rehabilitation shall include spot painting of interior walls including the entire top perimeter and grouting of interior walls where cracking is evident.	\$ 304,500.00	\$ 304,500.00
TOTAL BASE BID					\$ 304,500.00
